Placement Tests

INTRODUCTION

Who are they for?

These tests are designed for:

- schools which do not have entrance examinations in English
- new classes where the teacher knows nothing about the level of the students
- teachers who are trying to decide which level of *New Opportunities* is most appropriate.

The tests

The tests focus primarily on grammar, as the clearest indicator of a student's ability in the language. In addition, there is some limited testing of collocation and lexical items. The tests cover material typically learnt from beginner to intermediate level. The context of questions is biased towards teenagers and young adults and is derived from the *New Opportunities Students' Books*.

The structure

Each test consists of 80 multiple-choice questions, in order to make them straightforward for students to answer and quick and easy for teachers to mark.

There are two parallel tests (designated A and B) for each of three levels:

Test 1 A and B Beginner to Elementary

Test 2 A and B Elementary
to Pre-intermediate

Test 3 A and B Pre-intermediate
to Intermediate

In each case, the test is biased towards the higher of the two levels. Thus Test 3 is more Intermediate than it is Pre-intermediate.

Administration and scoring

- Each test should take approximately 30 minutes to complete.
- Answers are marked in boxes on a separate answer sheet.
- Each correct answer earns 1 point, adding up to a maximum of 80 points per test.

- Students can be divided into two groups, each taking a different test (A or B).
- Answer keys for Tests A and B are printed on pages 13-18 of this booklet.
- The teacher may choose to administer only a quarter or half of a test if s/he does not expect the students to exceed a particular level. However, to obtain the fullest picture of a student's ability, we would recommend administering the whole test.

Validity

Although the tests only seek to determine a student's ability in English grammar they should be indicative enough to enable teachers to group students broadly according to level and to select the appropriate *New Opportunities Students' Book*. If time allows, the teacher may of course choose to hold individual or group interviews to ascertain whether there are any significant discrepancies between students' grasp of grammar and their ability in terms of language skills (listening, reading, speaking, fluency etc.)

Interpretation of results

The following scoring bands indicate where students should be placed. However, there are cases, particularly borderline cases, where teachers should use their discretion in deciding whether a student will benefit from starting at a higher or lower level.

Test 1	0 – 40 points	Beginner
	40 – 80 points	Elementary
Test 2	0 – 40 points	Elementary
	40 – 80 points	Pre-intermediate
Test 3	0 – 40 points	Pre-intermediate
	40 – 80 points	Intermediate
