They didn't go to Hawaii or the Caribbean on honeymoon. In fact, they didn't go anywhere as they had spent all their money on buying their first house.

When the wedding reception was over, they immediately got into their old Mini and dashed to the countryside, leaving behind the noise of their DRAG ITEM HERE. Although the house didn't look attractive at first sight, they couldn't wait to see it. Finally, they arrived at a DRAG ITEM HERE building with a grey façade. It was a DRAG ITEM HERE house, as Mary didn't like the idea of having noisy DRAG ITEM HERE on the other side of the wall. They were both excited, because they had never lived in a house before – only a DRAG ITEM HERE – and couldn't wait to DRAG ITEM HERE their new home. There was only one problem: they had forgotten the key to the DRAG ITEM HERE !

The mirrors make you look fat! If I finally buy something, they always **r** the price just a few days later and, of course, I can't return the clothes because I've already worn them.

Shopping for food is also bad – I always leave my shopping **b** at home and have to buy one in the store. I can never find anything quickly because they keep changing the location of the products – bread is where the drinks were last month, and so on. Oh, and I also get lost in those huge shopping **m** **s**.
